

**Chapter 01 - Institutional Profile**

**Introduction**

The year 2019 is an exceptional year regarding all matters such as the scope and functions of the Ministry as well as capital allocation and imprests.

Through the subjects and functions assigned to the Ministry of Plantation Industries by the Gazette No.2103/33 dated 28<sup>th</sup> December 2018, the functions of the Ministry were carried out during the year for the performance of the plantation sector in collaboration with the institutions brought under the Ministry by the same Gazette.

However, 2 out of the institutions assigned by the above Gazette were later attached to other Ministry. As well, the functions of the Ministry were expanded as the Ministry of “Plantation Industries and Export Agriculture” bringing new subjects and functions as well as 04 new institutions under the Ministry by the Gazette Extraordinary No.2153/12 dated 10<sup>th</sup> December 2019 published in line with the Cabinet reshuffle at the end of the year.

The year 2019 was also started by allocating financial provisions through a Vote on Account. Although financial provisions were allocated through the Budget since May in the year, allocations were not made for new development projects. Meanwhile, Rs.200 million from the development projects implemented after financial provisions were directly approved to the Ministry were frozen by the Department of National Budget. However, additional provisions could be allocated for 02 new projects that are completed during the year. The receipt of imprest was completely irregular from the beginning to the end of the year. As well, additional provisions were not received in the year 2019 for Rs.84.65 million remained as bills in hand in the year 2018 and it had to be adjusted by the provisions approved for the year. Therefore, the project estimates had to be revised. Since imprests were not received properly at the end of year 2019 even after the revision of the estimates, Rs.98.1127 million remained as bills in hand as at 31<sup>st</sup> December 2019.

The performance of the Ministry and the plantation sector achieved in the year 2019 by handling and evaluating programmes, projects and activities implemented in line with the human, physical and approved financial resources and Action Plans of the Ministry and the affiliated institutions and making required policy decisions for performance of the field while coordinating with stakeholders of the plantation sector.

## 1.2 Vision, Mission, Objectives

### VISION

Achieving national prosperity through development of the plantation industry

### MISSION

To enhance the productivity, profitability and sustainability of the plantation industry through ensuring an economically, socially and environmentally viable plantation

### Strategic Development Objectives of Tea, Rubber and Coconut

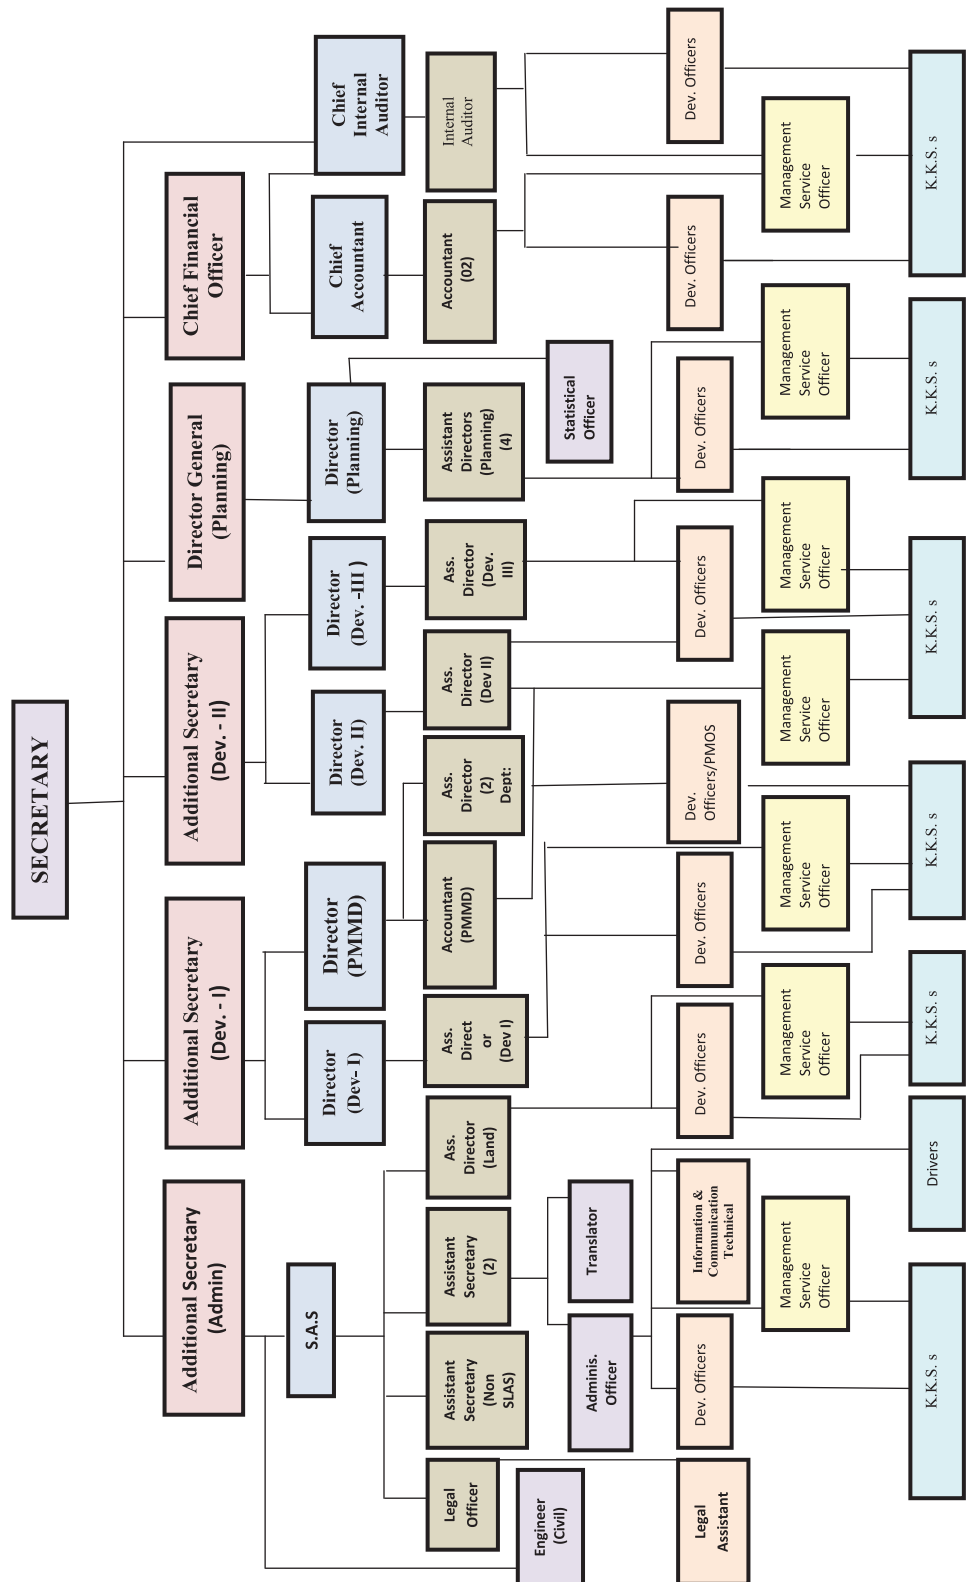

- ➔ Enhancing productivity of plantation lands
- ➔ Increasing the quality of plantation crop based products to be able to compete in the world market
- ➔ Innovation and development of state of the art technology for plantation crop based industries
- ➔ Uplifting living standard of the plantation community
- ➔ Supply of high quality products to the local consumers
- ➔ Increase of foreign exchange earnings
- ➔ Retaining the cost of production at a low level
- ➔ Enhancing profitability of tea smallholders and Plantation Companies
- ➔ Ensuring sustainable development through the environment conservation
- ➔ Promotion of intercropping and animal husbandry in plantation lands

### 1.3 Key Functions

**Duties and Functions assigned to the Ministry as per the Gazette  
Extraordinary No. 2103/33 dated 28<sup>th</sup> December 2018**

- ➔ Provision of incentives and other facilities to increase yield of plantation crops
- ➔ Enhance international competitiveness for productivity in the plantation industry
- ➔ Adoption of necessary measures to promote value addition industries based on plantation crops
- ➔ Issuance of licences related to tea and rubber
- ➔ Issuance of permits for export of tea
- ➔ Issuance of licences related to fragmentation of tea and rubber estates, and their control
- ➔ Optimum utilization of plantation lands through multiple cropping and integrated farming, thereby increasing production and employment
- ➔ Matters relating to the development, promotion and research activities of tea, rubber and coconut industries

1.4 Organizational Chart

**1.5 / 1.6 Institutions affiliated to undertake functions of the Ministry**

**Institutions brought under the Ministry as per the Gazette Extraordinary No.2103/33 dated 28<sup>th</sup> December 2018**

- ➔ Rubber Development Department
  - ➔ Rubber Research Institute
  - ➔ National Institute of Plantation Management
  - ➔ Sri Lanka Tea Board
  - ➔ Tea Small Holdings Development Authority
  - ➔ Tea and Rubber Estates (Control of Fragmentation) Board
  - ➔ Coconut Cultivation Board
  - ➔ Tea Shakthi Fund (Restructured)
  - ➔ Thurusaviya Fund
  - ➔ Coconut Development Authority
  - ➔ Coconut Research Institute
  - ➔ Tea Research Institute
  - ➔ Sri Lanka Rubber Manufacturing and Export Corporation
  - ➔ Kalubovitiyana Tea Factory Ltd.
  - ➔ Elkaduwa Plantations Limited
  - ➔ Gal – Oya Plantations (pvt) Limited
  - ➔ Sri Lanka Cashew Corporation
  - ➔ Lanka Sugar Company (pvt) Limited
  - ➔ Hingurana Sugar Factory Company
  - ➔ Chilaw Plantations Limited
  - ➔ Sugarcane Research Institute
  - ➔ Kantale Sugar Company
  - ➔ Kurunegala Plantations Limited
  - ➔ Janatha Estate Development Board
  - ➔ Sri Lanka State Plantation Corporation
- } These institutions have been affiliated to other Ministry

**Following Institutions were also affiliated to the Ministry as per the Gazette Extraordinary No.2153/12 dated 10th December 2019**

- ➔ Department of Export Agriculture
- ➔ Spices and Allied Products Marketing Board

- ➔ The re-export of Pepper, dried (Karunka), Cinnamon, Nutmeg, Mace, Ginger, Turmeric, Cardamom and Clove was banned by a Gazette Notification in the latter part of the year. Thereby, any re-export, business or service activity related to these spices was banned in the country.
- ➔ Initiatives have been taken to register Cinnamon and Pepper in the global indicator

### **Cashew Sector**

- ➔ A special cashew cultivation programme was launched jointly with the army in the lands managed under the security forces.
- ➔ 350,239 plants were produced by the nurseries of the Cashew Corporation for cashew cultivation programmes.
- ➔ Research and development activities in respect of enhancement of the productivity of cashew lands and value addition were carried out in collaboration with the Agriculture and Plantation Management Faculty of the Wayamba University.
- ➔ Approval of the Cabinet of Ministers was obtained to acquire the ownership of the lands owned by the Cashew Corporation subject to the Lease Agreement of the Land Commissioner General.

### **Sugarcane Sector**

- ➔ Approval of the Cabinet of Ministers was obtained to declare “Sugarcane” as a major plantation crop in Sri Lanka.
- ➔ Relevant activities were carried out to establish a new sugar factory in Athimale and actions are being taken to expand the extent of related sugarcane lands
- ➔ Actions were taken to expand sugarcane cultivation in Kilinochchi to produce Jaggery and Syrup.
- ➔ Providing Rs.5000 per 01 Mt. of sugarcane to the farmers was ensured continuously.
- ➔ A Steering Committee was established for development of sugarcane cultivation and sugar sector and drafting of new Sugar Act was initiated.
- ➔ Approval of the Cabinet of ministers was obtained to import Glyphosate to use for sugarcane cultivation.

## Targets and Prospects 2020

### Tea Sector

- ➔ Formulating and implementing an Action Plan for producing required plants for tea replanting and infilling in the years 2020/ 2021.
- ➔ Establishment of tea small holding model gardens and implementation of a programme in collaboration with Unilever Sri Lanka PLC for uplifting tea smallholders as small scale entrepreneurs. In this context, at the first stage, necessary actions are being taken to establish 05 model farms in Ratnapura district and a model farm in St. Joachim Estate of the Tea Research Institute of Sri Lanka.
- ➔ Signing a preliminary Memorandum of Understanding between the Sri Lanka Tea Board and Benny Tea Co. Ltd in China for the purpose of sale of Ceylon Tea in Republic of China.
- ➔ “Ceylon Tea” should be registered as geographical indicator to institute legal action to prevent the sale of other origin tea labeling as “Ceylon Tea” in foreign countries. It has not yet been registered in Sri Lanka for the purpose and actions are being taken by the National Intellectual Property Office to prepare required Acts and draft legislations. Appointment of a Technical Committee comprising all stakeholders to extend required assistance to expedite the works.
- ➔ In terms of the Cabinet approval, it is expected to take the following courses of action under the Tea Sector Revival and Modernization Programme.
  - ❖ To ban on tea imports with suitable flexibility and ban on re-exports of blended imported tea with “Ceylon Tea” at cheaper prices, when production reaches to a satisfaction level.
  - ❖ To pursue necessary actions with “Ceylon Tea” importing countries to increase their imports at least by 10% per year from the year 2020.
  - ❖ To inform Sri Lanka Customs and Sri Lanka Ports Authority to facilitate export of tea by adopting simple and export friendly procedures and practices.
- ➔ Registering commercial tea nurseries or tea seeds gardens with the Department of Agriculture in terms of the Seeds Act No.22 of 2003 (01<sup>st</sup> August 2003) with the purpose of maintaining a sustainable tea plantation using quality tea plants and drafting a guideline including activities to be followed for maintaining quality tea seeds nurseries and obtaining required approvals.

### Coconut Sector

- ➔ Maintaining the annual coconut yield at a level exceeding 3000 mn nuts through the existing plantation.
- ➔ Taking actions to expand the certification of coconut oil mills.
- ➔ Developing a mechanism to collect waste coconut husks and coconut shells with the purpose of adding them to the coconut industry.
- ➔ Developing a legal framework to curb blending coconut oil and palm oil.
- ➔ Developing coconut lands as commercial units.
- ➔ Earning foreign exchange of Rs.130 billion through coconut based products by value addition, improving technology and increasing the market price as well as the international market for products.

### Rubber Sector

- ➔ Improving rubber plantation units to economically productive units.
- ➔ Tapping in non-tapping rubber plantation units through subsidy services and improving them to economically profitable units.
- ➔ Implementation of alternative methods which includes creating and developing local market to make the price for rubber latex favourable.
- ➔ Paying special attention for control of pest diseases in rubber cultivation and coordinating required activities.
- ➔ Taking necessary actions to implement the programme already prepared for enhancement of rubber production and productivity.
- ➔ To finalize drafting of regulations made under the Rubber Replanting Act and publishing in the Gazette.
- ➔ Implementing a rapid programme for control of Pestalotiopsis disease spreading in rubber plantation.

- ➔ Making Sri Lankan contribution to the Task Force appointed by the Association of Natural Rubber Producing Countries for proposing strategies to increase rubber price within short period.
- ➔ Making amendments to the Rubber Research Act.
- ➔ Evaluation of the proposal made by the China Hainan Rubber Industry Group and pursuing actions.
- ➔ Since actions were taken to liquidate Rubber Control Fund and Rubber Replanting Fund, making amendments to the relevant Acts repealing the said sections in terms of the Cabinet Decision.
- ➔ Since funds were allocated for monthly maintenance of the Sri Lanka Rubber Manufacturing Corporation, regularizing the service of Competent Authority, coordination with the General Treasury and pursuing relevant actions to lease out Elpitiya Factory which is presently closed down.
- ➔ Coordinating activities related to the Association of Natural Rubber Producing Countries (ANRPC) and International Rubber Study Group and making further contribution to the activities carried out by the International Organizations.
- ➔ Taking actions to conduct a programme of the Association of Natural Rubber Producing Countries in Sri Lanka in second quarter of the year 2020.
- ➔ Representing the Ministry in respect of the activities of the Advisory Committee for rubber and plastic products of the Export Development Board and the rubber sector.

### Cashew Sector

- ➔ Expanding the extent of new lands under cashew cultivation in potential growing areas.
- ➔ Providing training on technical methods for enhancing productivity to growers.
- ➔ Designing training programmes on Good Agricultural Techniques in collaboration with National Institute of Plantation Management to train farmers.
- ➔ Continuing research and development activities carried out in collaboration with the Wayamba University.

- ➔ Sale of 34 Mt. of cashew kernel based products and generating Rs.115 million through providing new equipment and technology to small and medium scale manufacturers for value addition, packing and stabilization through enhancing productivity of cashew processing industry.

### **Sugarcane Sector**

- ➔ Increasing the yield by 10% and ENA production by 20% by enhancing the quantity of sugar derived through crushing sugarcane as against the year 2019.
- ➔ Expanding the capacity of sugar factories from 6550 Mt. to 7750 Mt. per day. It is expected to add the capacity of 1200 Mt. of Athimale new sugar factory for the purpose.
- ➔ Expanding sugarcane cultivation to 500 hectares in Kantale.
- ➔ Increasing local sugar production up to 70,000 Mt.

### **Export Agriculture Sector**

- ➔ Taking courses of action to expand the extent of cultivated lands and especially, to double the extent of lands under the crops such as Turmeric and Ginger.
- ➔ Increasing the production of required plants for all planting programmes.
